

# Your employees are your core asset.

## They deserve a Team Doctor.

Give your employees dedicated access to concierge care from board-certified physicians.  
Avoid high-cost care and time off work.

### OUR TEAM DOCTOR APPROACH

#### Dedicated Team Physicians

Your employees will have exclusive access to a team of dedicated Physicians who are trained to care for your employees and their unique needs.

#### 24/7 Access

Virtual appointments with your Physician Team available when and where you need them at no cost to employees.

#### Escalated Care Navigation

If a resolution isn't possible virtually, your doctor will escalate your employees to the highest quality and most cost effective in-person care.

#### Employee Health Assessments

Using biometrics & health risk assessments, your doctor will create personalized care plans for each of your employees that promote preventative healthcare strategies.

### HOW IT WORKS

- 01** Activate your account
- 02** Schedule an appointment
- 03** Meet with your Team Doctor virtually
- 04** Receive a diagnosis, treatment plan & prescription if needed

## WHY TOTAL CARE HEALTH?

### For your company

- Significant reduction in healthcare costs
- Expedite return to work time
- Enhance employee productivity and retention

### For your team members

- Unlimited access to quality healthcare at no cost
- Physician-led care guidance
- Personalized care plans that promote preventive healthcare strategies.

“

"I really enjoyed talking to you Doc, this is a great deal. It's nice to know that someone cares, and that my company cares about my health!"

-A Total Care Health User
